**Subject:** Magna Metals site - SSDS annual report - 2020  
**Attachments:** 2020 SSDS Inspection Report\_510 Furnace Dock Rd.\_Baker Capital\_5.14.2020.pdf

Matt and Lorenzo

Baker Capital Limited Partnership continues to operate and maintain the sub-slab depressurization system (SSDS) in the Polymedco office and lab space on the Magna Metals site as requested by the New York State Department of Environmental Conservation and the New York State Department of Health. As part of the maintenance and inspection activities, Baker retained Aztech Environmental Technologies, Inc. to perform the annual inspection on the system and, if necessary, to repair the system. The annual inspection report for the system for 2020 is attached for your records.

Please feel free to call me at (914) 461-9344 if you should have any questions or if I can be of assistance.

Don
